Score Card / Straw Poll

Rate candidates on a scale of 0 to 5, with 5 being the highest score. Place their score under each question in sequence. When each candidate is finished, total their score to the right. The candidates may NOT be questioned in the same order as listed below. When all candidates are finished, evaluate the scores and pick who you would vote for if the election were held tonight.

Candidates	#1	#2	#3	#4	#5	#6	#7	#8	TOTAL

Job Interview Results

The Score Card/Straw Poll form is divided into three sections.

- **Section One** is a arithmetic tabulation of each audience member's opinion of how well each candidate answered each question, compared to what the member would have considered a "perfect" response.

Job Interview Results

The Score Card/Straw Poll form is divided into three sections.

- **Section Two** is the Straw Poll; designed to surface how the audience would vote immediately after hearing and observing each candidate.

Job Interview Results

The Score Card/Straw Poll form is divided into three sections.

- **Section Three** records each audience member's assessment of whether or not the job interview methodology provided information that changed their pre-event preference (among the participating candidates) and how they ranked the job interview method against all other methods designed to provide relevant candidate information to an audience. It must be noted that each candidate who filed for the office was formally invited to participate. Of those invited, the six listed rose to and met the challenge.
